- _ Diagnostics
- _ Operational support
- _ Administration

Your advantages

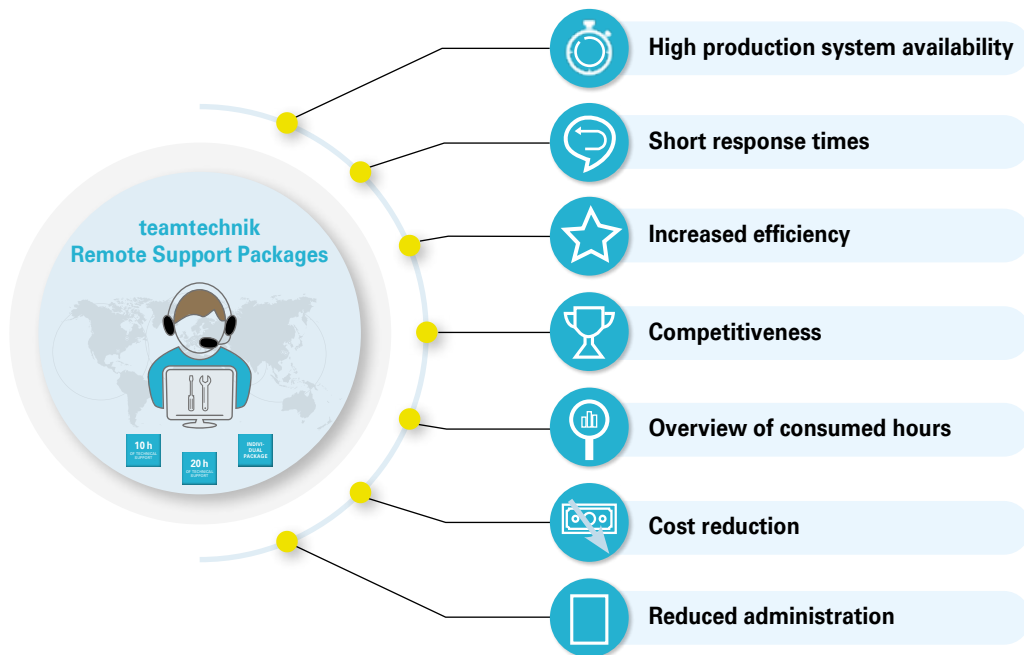

- _ Increased production system availability through fast remote diagnosis by specialists
- _ High machine reliability and availability
- _ No travel time or travel costs
- _ Rapid response times
- _ Increased competitiveness and profitability
- _ teamtechnik expert knowledge – close to you

YOUR BENEFITS – SERVICES BY teamtechnik

teamtechnik-Services ensure increased production system availability. Our remote support packages give you access to our technical support as soon as the need arises – quickly, simply and in any country in the world.

With our remote service, for example, you have support by telephone, by e-mail or through a data connection between your stringer service PC and our service support center. With your agreement, access can be enabled to all control elements of your system.

CONTACT US – We will be happy to assist you.
